

h. 5 + b. List of works on mean of distribution.

{ 86 fruits & color of birds on trees - The color
of 180
it all to lump work on birds on trees.

86 fruit with written (my case)

104. wonderful my system for getting seeds
they fruits were open.

107. fruits don't do what open here not 1 seed,
nest

112. fruit do not become colored, until
ripe. (like edge of Phytol) & shell of
seed hard as a potato

114. good remarks on colored fruit

116 wonderful & many in the mean of
distribution - with explanation & very 2 way
- compare to the species of leaves

129 - Been on that with (2)

144. Cases of 1 cm sp. with 2 mean of distribution

145. Mean after 2 other used in allied plants.

150 when my seedling of 1 cm sp. struggle together
all weekend, but I'll not sp. will red then
was early - & then good of distribution

151 & parents also in the breeding
